Day 2. Cycle from Portpatrick to New Galloway, distance approx. 55 miles. This is a fantastic way to start the trip, as you head through the area known locally as the Machars which has sweeping coastal views. You pass the impressive Glenluce Abbey then cut right through the middle of Galloway Forest Park (the largest forest park in the UK) where wild goats and red deer abound. The lovely Clatteringshaws Loch is also along the way before you reach New Galloway by the river Ken.

Day 3. Cycle from New Galloway to Moffat, distance approx. 55 miles. This is a remote and wild ride with a splendid sense of wilderness as you pass through some of the finest hills in Galloway. You pass the birthplace of the bicycle at Keir Mill and can pop in for a visit to the impressive Drumlanrig Castle, home to the Duke of Buccleuch. You'll spend the night in the lovely town of Moffat, a bustling place nestled amongst some of southern Scotland's highest peaks.

Southern Scotland Coast to Coast – Further Information

Accommodation and food

We use only tried and tested accommodation providers on our trips, many that we have worked with for years, so that we know that you will receive an excellent level of service. They provide everything you could need after a long day in the saddle from bike storage to hot showers, hearty breakfasts and comfortable beds. Accommodation in guest houses and hotels is always on a bed and breakfast basis and trip prices are based on two people sharing a room, unless otherwise arranged. Most of our accommodation is en-suite and we will let you know if it is not possible to book en-suite rooms. Wifi is now also pretty much universal in every location. If you would prefer hostel or bunkhouse style accommodation, breakfast is not included although most bunkhouses can provide meals at an additional charge. Bunkhouses will often have cooking facilities so that you can prepare your own meals if you'd prefer. Wherever you stay you will be able to get an evening meal at a pub or restaurant within walking distance. Lunches can usually be bought during the course of the day as you will be passing through towns or villages. It is advisable to carry plenty of snacks with you each day to keep the energy levels up!

Sole occupancy rooms are usually available in hotels or guest houses so please ask us if you'd prefer to have your own room. A single supplement of at least £30 per person, per night will apply.

Clothing and kit

Southern Scotland receives a generally mild climate all year round with the Gulf Stream passing our western coastline. There are even palm trees growing in the region! The east is generally a bit drier but cooler than the west, however conditions can and do change quickly especially on higher and more exposed areas. It can rain at any time of year, sometimes all day and we often get four seasons in a day, so come prepared! A full kit list is available on our website (<http://www.trailbrakes.co.uk/kit-list-equipment-recommendations>) and a list of useful items will also be sent to you when you book your trip with us. General climatic information for Scotland is available here: <http://www.scotlandinfo.eu/weather-climate.html>. Up-to-the-minute weather forecasts for specific regions of the UK are available at the met office website (<http://www.metoffice.gov.uk/public/weather/forecast/>).

It is advisable to bring a small back-pack with you on your trip, in which you can carry spare clothes and basic spares and tools that you might need during the course of a day on the bikes. Alternatively, if you're hiring bikes from us, we can provide pannier bags in which to carry supplies for the day.

Midges!

Midges (small biting insects) can be a pest in the Highlands but are usually not a problem when you're on the move. If you decide to stop for a break in a sheltered spot where there is no wind and there are trees and water in the vicinity, there will always be midges around. They rarely cause a serious problem, they're more of a nuisance, but some people react badly to their bites and develop an itchy red spot which can be irritating. Some insect repellent is advisable, those containing DEET being the most effective, and cream is available in pharmacies that relieve the irritation of the bites.

The route

The Southern Scotland Coast to Coast cycle route is a brand new and unique cycle route compiled by Trailbrakes, along quiet country roads. This coast to coast route follows quiet country lanes through the rolling scenery of Dumfries and Galloway and the Scottish Borders. This trip, if completed in 4 days starting in Portpatrick and finishing in Berwick-upon-Tweed, has a **Fitness Grading of 6** which means that you should have a high level of fitness and stamina from regularly taking part in cycling-based activities. You are comfortable riding for up to 7 hours per day. The route is on generally gently undulating terrain but there might be short sections of physically demanding terrain.

What bike?

Our Southern Scotland Coast to Coast route is perfect for hybrid or road bikes as the entire route is on paved roads. It is possible to complete the route on mountain bikes but it is advisable to fit smooth tyres to help rolling along the country roads. Ask us if you need any further advice.
